The PPA is a validated, positive, non-critical, behavioural analysis of a person, emphasising his / her strengths and capabilities in the work environment. The PPA is not a test. You cannot 'pass' or 'fail' it.

## How to complete the PPA:

1. Think of yourself in your work situation.
2. Examine one line of four words at a time.
3. In each line select the word that **Most** describes you in the work situation and place an **M** in the box to the right of that word.
4. Choose a word from each line which **Least** describes you in the work situation and place an **L** in the box to the right of that word.
5. Each completed line must contain one **M** and one **L**.
6. Your first thought is probably the right one.
7. The exercise should take about 8 minutes to complete, without interruption and preferably in isolation.
